

**FROM THE PRINCIPAL**

Dear Parents and Community Members,

The Cove School District earned a Level 4 Oregon school performance rating for the 2014-15 school year. Furthermore, student growth and graduation rates were recognized as strengths of the district. In addition when compared to similar schools Cove was evaluated as above average.

That being said the district is always exploring areas for improvement and increased student achievement. An area that we have chose to focus on improving for the 2015-16 school year is limiting disruptions in the classroom. By doing so we can keep students engaged with rich and meaningful work and improve student success. To help achieve this we have taken the following actions: cell phones and food/drinks are not allowed in classrooms, closed campus during the school day and laptop computers remain in the classrooms.

We also analyzed ways to improve our academic programs. This school year we have added AP History 202/203 Cove School District to our catalog of classes in which students can earn college credit. The district believes that parental communication from school to home is vital to student success. Our elementary students will bring home a folder every Thursday which contains student work and information about upcoming activities. We also encourage parents to check our website [www.cove.k12.or.us](http://www.cove.k12.or.us) for the latest and greatest in Leopard Land. On our website you will find "FamilyLink" a useful tool to check your child's grades and missing assignments.

Thank you,

Principal | Todd Shirley

**OVERALL SCHOOL RATING** HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

**The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.**
